# WITHITS

## The **STUDENT** Event

Thursday, September 29, 2016   Time: Thursday lunch slot   Location: Dining room

---

WITHITS (Women in Information Theory) invites you to participate in an informal and fun **STUDENT** event. All levels are welcome; we will focus on issues pertaining to women, and in particular students, in information theory. Input from advisors, post-docs and engineers at all levels is useful.

Please pickup lunch in the tent (please register for lunch if possible, else see Angie at registration) and meet us in the Dining room as soon as possible on Thursday lunch.

### Topics of discussion:

- (i) student/advisor relationships and gender: does it matter?
- (ii) industry versus academia for female students: finding the right fit

Contact: Natasha Devroye ([devroye@uic.edu](mailto:devroye@uic.edu)), Lalitha Sankar ([lalithasankar@asu.edu](mailto:lalithasankar@asu.edu))
